

HIGH POWER RESISTORS

High-precision, High-voltage, High-power resistors

By EBG Resistors

High Power Resistors

UXP 2000 WITH HEATSINK

- 2000 w operating power.
- high power on small footprint.
- low weight and reliable performance.
- improve thermal performance.
- high insulation & partial discharge performance.

Ultra High Precision

OVERALL STABILITY ± 5 PPM/°c FROM 25° c TO 65° c

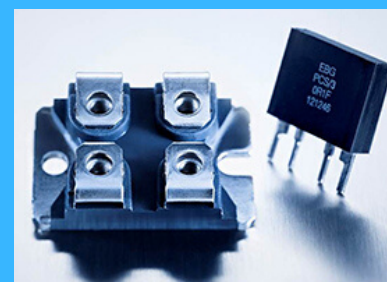

- Up to 10k V operating voltage.
- Non-Inductive design.
- ROHS Compliant.
- TCR up to ± 5 ppm.

Shunts- Series PCS

HIGHLY RELIABLE RESISTOR WITH NON INDUCTIVE DESIGN

- 3w/60w/100w current sense resistors- 2 unique packages.
- Four terminal Kelvin connection.
- 100% QC measurement.
- Non-Inductive design.
- ROHS compliant.
- Housing materials in accordance with UL 94 V-0
